

Bloor Islington Optometry joins FYidoctors

CALGARY, AB (May 30, 2017) – FYidoctors, Canada’s largest and fastest growing eye care company, is excited to announce that Dr. Harvey Mayers of Bloor Islington Optometry has joined the company.

FYidoctors is proud to welcome the expertise of Dr. Harvey Mayers and his staff. Bloor Islington Optometry is located at the heart of Etobicoke, Ontario, where Dr. Mayers has served patients in the GTA for over 30 years.

“Harvey and his team put patients first and have been innovative leaders in treating special needs patients,” said Dr. Alan Ulsifer, Chairman and CEO of FYidoctors. “The culture they live in their practice aligns perfectly with the ‘FYidoctors way’.”

Dr. Mayers has published several papers on contact lenses in Canadian and British journals, and has been actively involved in outreach programs for the Metropolitan Toronto Association for Community Living. He has also served as Chief of Primary Care Service and Contact Lens Service at The Vision Institute of Canada and has been a fellow of the American Academy of Optometry since 1982.

From 2011-2015, Dr. Mayers also worked with a neurologist network in Toronto. His clinic has on-site TearLab Osmolarity point of care for dry eye disease, and the entire staff at Bloor Islington Optometry are certified under the Canadian Association of Optometrists.

“I am quite honoured to join such a dynamic group of doctors and its prescient leadership in the on-going evolution of independent Optometry,” said Dr. Mayers.

As part of FYidoctors’ growth strategy, this acquisition strengthens the company’s position in the GTA and demonstrates its commitment to increasing presence in Ontario. Equipped with a range of diagnostic technology, a wide selection of designer frames, and dedicated patient care, this partnership further solidifies FYidoctors’ commitment to being Canada’s number one eye care provider.

About FYidoctors

FYidoctors is a private, optometrist-owned and operated eye care company with its home office located in Calgary, Alberta and a fully automated, [freeform](#) laboratory and distribution facility located in Delta, British Columbia. FYidoctors is currently Canada’s largest provider of ophthalmic products and services with over 450 optometrists servicing over 260 locations between its corporately owned locations and Vision Source Canada locations. FYidoctors also has Canadian distribution rights to multiple optical and vision products. To learn more please visit fyidoctors.com.
