

Port Credit Optometry Joins the FYI Family

CALGARY, August 31, 2018 – FYidoctors, Canada’s largest and fastest growing eye care company, is excited to announce that Port Credit Optometry in Mississauga, Ontario has recently joined the FYidoctors family.

This acquisition adds to FYidoctors growing presence in Ontario. Equipped with a range of diagnostic technology, a wide selection of designer and exclusive label frames and internal freeform lens designs, this location demonstrates FYi’s continued commitment to the Mississauga region.

“I am extremely happy to have Dr. Rozanec, Dr. Naumowich, and the Port Credit team join the FYidoctors family. Dr. Rozanec created the Canadian Optometry Group to facilitate communication between optometrists on important matters across the country. We continue to be excited about our growth opportunity in Ontario and the quality of people that continue to see our model as a solution for the challenges facing the profession,” says Dr. Alan Ulsifer, Chairman & CEO of FYidoctors.

Like all FYidoctors locations, the new Port Credit location will offer detailed pre-testing, comprehensive eye exams, a menu of current lens technology and custom fittings with our electronic measurement devices.

Dr. Peter Rozanec had the following comments on the recent partnership, “We joined FYidoctors to continue our practice’s core principle of providing premium and leading edge patient care. It’s comforting to see how helpful FYi has been during the transition. Our team is delighted to be part of Canada’s leading eye care group.”
