

FOR IMMEDIATE RELEASE

## Essilor Canada sponsors the inauguration of the new Clinique universitaire de la vision

*Montreal, Quebec, November 22, 2018* - It is with great pleasure that Essilor Canada sponsored the inauguration, on October 29, of the new Clinique universitaire de la vision of the University of Montreal's School of Optometry. With 31 examination rooms, 12 specialty modules, three clinical research rooms and imaging units, the clinic offers exceptional workplace, training and care in a patient-partner approach.

As part of its partnership with University of Montreal's School of Optometry, which has been going on since 1991, Essilor Canada helps the School of Optometry in the continuous improvement of its facilities through important monetary contributions.

Essilor Canada is proud to support this world leader in education and training in the fields of optometry and vision science in Quebec, always with the aim of improving life by improving sight.

## About Essilor Canada

Canadians have visual needs that impact their lives, their ability to learn, their development, health and safety. We believe that everyone has the right to good vision. This is why our mission of *improving lives by improving sight* is the driving force behind everything we do at Essilor Canada: our products, services, technologies, trainings, philanthropic initiatives, as well as our involvement in environment, health and safety.

We are committed to be the partner of choice for eyecare professionals by offering innovative solutions that empower them to succeed and create value for them and for consumers, so that together we can make a difference and help Canadians see better and live better, every day.

Present in Canada since 1972, Essilor is proud to contribute to the growth of our country's economy with over 1,000 employees, three digital surfacing laboratories and close to 30 regional and partner laboratories. Essilor Canada is a subsidiary of Essilor International, the world leader in ophthalmic products that invests heavily in research and development to create new products always better adapted to the needs of wearers. Essilor creates, manufactures and personalizes a wide range of corrective lenses and coatings that are distributed through eyecare professionals, to correct and protect vision, as well as prevent visual health issues. Canadians can entrust their vision to Essilor brands such as Varilux®, Eyezen™, Crizal®, Xperio® and Transitions®.
