COOPERVISION COMMITMENT CONTINUES

We are very pleased to announce that CooperVision has renewed their partnership agreement with Optometry Giving Sight for three years through 2022. CooperVision is Optometry Giving Sight's largest corporate donor and has been supporting our work in Giving Sight and Hope since 2008, and as such we recognize them as our Global Platinum Partner in both the U.S. and Canada.

CooperVision®

In addition to CooperVision's partnership support, the company provides funding in a variety of ways that includes its patient rebate program, World Sight Day Challenge participation worldwide and its global charitable giving program, Cooper Giving.

"CooperVision is delighted to continue to support Optometry Giving Sight as we are committed to their efforts to bring accessible and sustainable eye care to communities throughout the developing world," says Jerry Warner, CooperVision's President of North America. Eric Anderson, Interim Executive Director for OGS adds, "We couldn't do what we do without CooperVision's outstanding commitment. We are so very grateful to their leadership and their employees in advancing the cause of bringing eye care to those who are in need. Thank you CooperVision!"
