

## **FYidoctors announces first location in Georgetown**

*Eyes Focused on You joins world's largest optometrist-controlled eye care company*

**CALGARY, AB (December 22, 2020)** – FYidoctors, the world's largest optometrist-controlled eye care company, is pleased to announce that Ontario-based optometry clinic, Eyes Focused on You has joined the FYidoctors brand. The merger marks the company's first location in Georgetown, Ontario as growth continues across the Greater Toronto Area.

"We're thrilled to welcome Eyes Focused on You to FYidoctors and begin working with their team," said Dr. Alan Ulsifer, CEO and Chairman of FYidoctors. "Known for providing comprehensive eye care to their community, we look forward to our new partnership and continuing to enhance the lives of the residents of Georgetown."

Eyes Focused on You was founded in 1996 by Dr. Caroline Teske, a skilled eye care professional with over 25 years of experience. A graduate of the University of Waterloo, Dr. Teske holds a BSc and Doctor of Optometry, and over the years has worked with many organizations in the eye care field including the TLC Laser Eye Centre and Eye See Eye Learn, a program with the Ontario Association of Optometrists to encourage the eye testing of young children to enhance future learning.

“Our top priority at Eyes Focused on You has always been to ensure our patients receive thorough and comprehensive vision care, in addition to keeping their overall health top of mind,” said Dr. Caroline Teske. “We achieve this by using an integrated health care approach, and we look forward to now combining this knowledge with the hundreds of Canadian optometrists and experts working within the FYidoctors family.”

Eyes Focused on You prides itself by offering a holistic approach to the eye care experience, and is guided by a philosophy of integrated care – working with like-minded health care professionals to educate and inspire patients to consider all aspects of their health. Working alongside Dr. Teske is Dr. Kari Stashuk and Eyes Focused on You’s team of dedicated optometric assistants and administrators. Practicing since 2004, Dr. Stashuk earned both her BSc and Doctor of Optometry from the University of Waterloo and holds a special interest in laser correction, vision therapy and is a certified TLC laser eye care doctor.

The clinic’s current services include comprehensive eye exams for all ages, digital retinal imaging, visual field testing, management of ocular diseases, laser surgery consultations, refractive surgery co-management, glaucoma testing, dry eye treatment, emergency eye care, sports and specialty eyewear fittings and contact lens fittings.

Operating under the FYidoctors brand provides the clinic with significant human resource management services; customized staff training, tools, and support; world-class marketing; lenses which lead the industry in quality through independent testing and are manufactured in Canada at the FYidoctors internal freeform laboratory and distribution centre; exclusive products; and, enhanced benefits for their staff.
