Interactive Webinar:
Wednesday, April 7th 2021
7:00 PM (EDT)

HOYA
FOR THE VISIONARIES

MiYOSMART

Join HOYA and industry experts for an interactive webinar discussing Myopia Management on April 7th @ 7:00pm EDT!

Topics include:

- Myopia risk factors and the importance of treating myopic patients
- Industry facts and information about myopia
- Available treatment options and evaluation
- Reviews and clinical studies about MiYOSMART lenses with D.I.M.S. technology
- How to adopt successful myopia management practices
- Tools and equipment to help you measure axial elongation and compliment your myopia management practice through reporting for yourself and your patients

Following presentations, there will be a Live Q & A session for participants and Guest Speakers.
