

## **Press Release**

March 15th, 2021

Nikon Optical Canada Inc.

Montreal, Canada

Nikon is excited to announce the launch of its **2021 Sunwear Prescription Lenses**.

At Nikon, we strive to provide your patients with the utmost in Protection, Precision and Aesthetics. With this in mind, we have developed a complete sun lens collection to meet each wearer's lifestyle.

**Design Match:** The prescription sun lens matches the same optical performance and comfort as delivered on clear prescription lenses. A technology aimed to give patients the best aesthetics, visual precision and UV protection. Patients can expect an optimized visual experience for everyday activity under the sun!

**SeeSun Mirror:** The stylish mirror coating solution to sun lenses. Backed by Nikon's recognized coating technology, SeeSun Mirror will fashionably protect your patients' eyes in 4 trendy colours.

**Polashade:** The optimal sunwear solution for unparalleled visual precision. Exclusive to Nikon Frames, Polashade is the perfect sunglass for outdoor activities on high reflective environment.

By choosing Nikon ophthalmic sun lenses, you are entering a world of passion, a world of visionaries.
