

SILMO ACADEMY – AWARD 2022

Discover the winner !

SILMO ACADEMY has set itself the goal of supporting ophthalmic optics professionals in their quest for excellence.

Since 2016 and every year, **SILMO ACADEMY** supports a research project in the field of optics and vision science.

It is with great pleasure that **SILMO Paris** reveals the winner of the 2022 edition and his project. Selected by the Scientific Council, he was awarded a €10 000 grant to invest in his research on Thursday, December 8.

Denis SHEYNIKHOVICH
Institut de la Vision

PROJECT
**« Impact of visual ageing on mobility
in a real environment »**

This study, carried out in SNCF train station, concerns the improvement of visual information supports for elderly people.

See you at SILMO Paris, which will take place from September 29 to October 2, 2023.
Until then, follow the news of the SILMO Family with our next major event,
SILMO Singapore - April 12 to 14, 2023.
