GET CERTIFIED LIVE WITH TRANSITIONS

Earn your **Transitions Specialist** certification during one virtual session.

All the benefits of the Transitions Certification Program are available at Transitions Certified LIVE, a unique educational opportunity where you can learn from technical experts and discover *Transitions*® lenses.

In collaboration with the Opticians Association of Canada, opticians and optometric assistants who attend the webinar will also receive **2 credits for Continuing Education** in addition to becoming a certified Transitions Specialist.

Learn from our experts and R&D team on topics including:

How do *Transitions* lenses offer superior light management solutions?

What are the improvements of *Transitions*® *XTRActive*® new generation and why the hype?

How can a lens go from clear to polarized?

Why is light management and sensitivity a timely topic to bring up with patients?

GET RECOGNIZED

Get access to materials designed to better prepare you to talk to your patients about light management and earn:

- A certificate recognizing your Transitions Specialist status.
- A full Transitions Specialist personalized kit that will be shipped to your attention in the next few weeks to celebrate your new status.
- Access to the Monthly Transitions newsletter that includes news about Transitions, tips and tricks and social media content to utilize on your practice social media channels.

GET ACCREDITED: Opticians and Optometric Assistants will receive 2 credits for continuing education.
