

Contact Lens Institute & IACLE Collaborate to Bring Practice and Patient Insights to Contact Lens Educators

WASHINGTON, D.C., April 18, 2024—The [Contact Lens Institute](#) (CLI) and the [International Association of Contact Lens Educators](#) (IACLE) today announced a collaboration to provide university-level instructors with direct access to CLI-developed research publications and practice tools.

Nearly 950 IACLE members—spanning more than 600 academic institutions and 81 countries—will be able to view and download CLI training and professional development materials from IACLETOP, the organization’s digital resource and teaching platform. These include multilingual assets for [The EASY Way](#), CLI’s program to promote healthy contact lens wear-and-care, and in-depth consumer and practice management reports from CLI’s [See Tomorrow](#) initiative.

“Putting Contact Lens Institute materials in the hands of contact lens educators around the globe allows them to be even more closely connected to relevant trends and insights from top clinicians. This will translate into better preparing tens of thousands of students entering the profession, who in turn can deliver better patient care and improved practice performance,” said Bonnie Boshart, chief executive officer of IACLE.

Established in 1979, IACLE welcomes contact lens educators from all eye care professions and related disciplines. The non-profit organization is dedicated to raising the standard of contact lens education and promoting the safe use of contact lenses worldwide. It is the leading provider of educational and information resources essential to contact lens educators. For more information, visit iacle.org.

The Contact Lens Institute advances the latest innovations in safe and effective contact lens and lens care products and services that provide unique benefits to patients while satisfying the evolving needs of eye care professionals. CLI undertakes activities that properly assess, enhance, promote, and balance contact lens and lens care industry welfare and growth, including the safe use of products in the marketplace. Its members include [Alcon](#), [Bausch + Lomb](#), [CooperVision](#), and [Johnson & Johnson Vision](#). For more information, visit contactlensinstitute.org.
