Eschenbach Announces the Launch of its New magno® DIGITAL Video Magnifier!

Danbury, CT – July 15, 2026

Eschenbach Optik of America, Inc., a leading manufacturer of high quality magnification and vision enhancing solutions for the visually impaired, has introduced the new magno® DIGITAL video magnifier. Ideal for patients with macular degeneration, diabetic retinopathy and other eye diseases causing vision loss, this ergonomically designed, hand-held electronic magnifier features a 5" display, 3-48x magnification and personalized setting options for a customized user experience.

Among its many features the magno® DIGITAL includes four color-coded tactile control buttons, 25 color contrast modes and adjustable LED and screen brightness. It also has an integrated handle which folds out from the side and allows for a sturdy grip and hand-held use providing optimal stability. The handle can also be folded out part way which allows the magnifier to stand up for hands-free tasks such as threading a needle or reading a prescription pill bottle.

With a lightweight (7.8 oz.), compact design and easy-to-use operation, the magno® DIGITAL is an ideal solution for patients who need extra magnification when reading and viewing small details! Learn more at <https://eschenbach.com/products/magno-digital-916505A.asp>.
